## ABJECT SURRENDER.

China Yields to All the Demands of The Christian Nations.

### PREPARATIONS FOR THE EXPEDITION.

Germany Insists on Indemnity Being Paid in Cash Before Evacuation. Only Four Hundred Millions Demanded of China.

Peking, Feb. 20.—The foreign envoys received an unofficial communication from the Chinese plenipotentiaries offering to agree to all the terms of the powers. The Chinese desired, however, to save the lives of Chao Shu C. ao, and Ying Nien, but they were informed that the ministers insisted upon the former demands. A complete surrender is expected. Meanwhile extensive preparations are being made for the expedition planned by Count Von Waldersee. The Germans have purchased 1,800 camels for transport purposes.

The ministers think the gravity of the situation over, but it is expected that difficulties will arise among themselves, when some of the governments send their indemnity claims, and particularly is there uneasiness regarding the attitude of Germany that her claims must be paid in cash before evacuation takes place. The other ministers resent this, saying it will be impossible for China to pay as China has not a large reserve and the customs receipts go to pay dividends upon former loans; and it is improbable that she could borrow a sum of any magnitude. United States Minister Conger estimates the total demands upon China at \$400,000,000.

### Awaiting Developments.

Washington, Feb. 20.—The state department has not yet addressed itself to any of the European governments or Japan respecting its dissent to the proposed military campaign in China. The only influence brought to bear upon the powers by the state department in that direction has been exerted through Minister Conger, who already has expressed himself to the other ministers at Peking. The state department sent a copy of the instructions given Mr. Conger to our diplomatic representatives at each of the capitals of the interested powers. But it is stated that this was done with the sole purpose of keeping our representatives thoroughly informed of the progress of the negotiations and in no case were they instructed to make this Conger dispatch the basis for direct communications with the governments to which they are accredited. General Chaffee's course has been entirely approved and he has been notified to that effect. Minister Wu was again at the state department in search of information, but had none to give.

### Conger's Instructions.

Washington, Feb. 20.—Minister Conger has been instructed by cable to communicate to the foreign ministers at Peking the feeling of the United States government that further hostile expeditions should not be indulged in at this time. This action was taken by the state department after the cabinet discussion had developed the attitude of the administration. It is understood that this course was regarded as best, since it left room for another appeal to the powers directly through their foreign officers in case Mr. Conger's efforts are futile. The note is said to be in perfect accord with the policy already developed, and to make manifest the deep conviction of the United States government that these proposed hostile expeditions are in violation of the rights of the individual parties to the peace negotiations.

### Edward's Trip to Germany.

London, Feb. 20.—The announcement of King Edward's departure Saturday for Friederichshof, near Cronberg, has revived the stories that his trip will be extended to Berlin, to repay Emperor's William's visit to England at the time of Queen Victoria's death and that he will go thence to Denmark. At present, however, his majesty has no intention of so doing. He will merely pay a strictly private visit of a few days to his sister, the dowager Empress Frederick. He will not be accompanied by the queen. It is probable that at the end of March, King Edward and Queen Alexandra will go to Copenhagen, whence King Edward will visit Prince Henry of Prussia, at Kiel.

### Frenchman Arrested.

Manilla, Feb. 20.—At Pagsanjan, province of Laguna, Lieutenant Vaughan, of the Thirty-seventh infantry arrested Ferdinando Rustan, general agent of the Tabacalera company, on the charge of having aided

the Filipinos. Documentary evidence against the prisoner has been secured. Rustan is a French subject and a close friend of the Filipino general, Calles, and was to a certain extent associated with D. M. Carman, the American contractor, who was recently taken into custody charged with having furnished supplies to the Filipinos. The Tabacalera company is said to be further incriminated.

### IMPORTANT DECISION.

Held That Trusts Must Make Good Their Contracts.

Cincinnati, Feb. 20.—Judge Rufus B. Smith of the superior court has rendered a decision that is regarded as important in its bearing on trusts. Elias Block & Sons, Kentucky distillers, shut up their manufactory under a contract with the whisky trust by which the latter agreed to furnish Block & Sons all their goods and pay them \$1,000 a month in addition. The trust became in default for \$10,000 under this contract and suit was brought to recover. The whisky trust filed a demurrer, alleging that the contract was illegal. The demurrer is overruled, the court holding that when a contract, apparently illegal, is only an incident to a large contract which is legal, then the first contract will stand as a circumstance.

### Colombia on Nettles.

Kingston, Jamaica, Feb. 20.—The British steamer Louisianan, Captain Edwards, just arrived here from Colon, Colombia, reports that when she left the latter port Feb. 18, the rebel forces still held their positions in the vicinity of the railroad line between Colon and Panama but that there had been no serious fighting. Liberal sympathizers attempted to set fire to the town of Boras del Toro, a fortnight ago. A policeman discovered the plot just as a powder train was about to be ignited. The discovery created consternation in the town. The streets are now patrolled nightly by the business men of the community who include many Americans.

### Overruled By Beckham.

Frankfort, Ky., Feb. 20.—The Rives brothers, for whom requisition papers arrived from Dubois county, Ind., filed a petition with Governor Beckham protesting against the requisition being honored unless the Indiana authorities give assurance that ex-Governor Taylor and Charles Finley of Kentucky, fugitives in that state, would also be delivered to Kentucky for trial on the charge of being accessories to the Goebel murder. Governor Beckham honored the requisition.

### Hazing and Senators.

Springfield, Ill., Feb. 20.—A bill was introduced in the senate for making hazing a felony and providing for its punishment by imprisonment in the penitentiary. The house adopted a resolution memorializing congress to amend the constitution so as to make United States senators elective by a direct vote of the people.

### Ohio Incorporations.

Columbus, O., Feb. 20.—Security Savings Bank company, Akron, \$50,000; William Taylor Sons and company, Cleveland, \$1,250,000; Woodland Union, No. 15, of the German United Union of Cleveland; Maumee Mining company, Toledo, \$10,000; Barberton Land and Hotel company, Barberton, \$50,000.

### More Filipino Exiles.

Manilla, Feb. 20.—Another force of Filipinos will soon be deported to the island of Guam. Many discouraged natives in the provinces are coming in individually and surrendering their guns. Hilario Rubio, the alleged ring-leader in the Macabebes outrages, has been arrested in Manilla.

### Will Close Cedar Point.

Sandusky, O., Feb. 20.—Directors of the Cedar Point pleasure resort company decided not to reopen the resort next summer on account of the recent reform agitation. It is feared that Sandusky will consequently lose its summer excursion business.

### Whither Cupid Leads Them.

Lexington, Ky., Feb. 20.—Count and Countess Adelbert de Chambrun are here on a bridal trip, the itinerary of which they are keeping secret.

### Woman Burned to Death.

Ravenna, O., Feb. 20.—Mrs. E. L. Whitston, who lived alone, was fatally burned. Her clothing ignited while she was trying to light a lamp.

Mena, Ark., Feb. 20.—A mob of eight men took Peter Berryman, a negro, out of the city jail and hanged him to a tree. Berryman had been arrested on the charge of having assaulted a 12-year-old girl, who may die.

### Stocking Factory Burned.

Dresden, O., Feb. 20.—Fire destroyed the Buckeye hosiery mill, which was completed only two months ago. Loss \$10,000; insurance \$3,700.

## APPROPRIATION BILLS.

Both Branches of Congress Wrestling With Fiscal Affairs.

### BUTLER ON MAIL PAY OF RAILWAYS.

Teller Wants St. Louis Exposition to Be Closed Sundays—Action of Committees on Important Legislation—Washington News.

Washington, Feb. 20.—Soon after the senate convened Mr. Pittigrew (S. D.) offered a resolution, which was agreed to, directing the committee on printing to ascertain why the public printer had not delivered to the senate the instructions and papers sent to the Paris peace commission.

Senator Teller gave notice of an amendment he will propose to the St. Louis exposition bill requiring the management to close the gates of the exposition Sundays.

Bills to grant land warrants to descendants of New York Indians who served in the war of 1812 and to pay an award of the secretary of the interior in favor of the Cherokee Indians were referred to the court of claims.

Consideration of the postoffice appropriation bill was resumed at the conclusion of routine business. The pending question was the amendment of Mr. Butler (N. C.) to reduce the pay of railroads for carrying the mails an aggregate of about nine per cent. Mr. Butler continued his speech begun Monday. Mr. Butler said he would rather see the ship subsidy bill become a law than to have the pending bill pass with its provision for railway mail pay as under the pending appropriation bill a bigger hole would be made in the treasury than would be made by the subsidy bill. Mr. Butler pointed out that according to the report of Prof. Adams the expert of the postal commission, which he was having read, 48 per cent of the amount paid to the railroads for carrying mails actually was paid for carrying mail pouches. He had often wondered, he said, why the leather and the locks in the mail bags were so heavy. "It seems," he continued, "that the railroads have used their influence to have them made heavy because they are getting the same pay for carrying them as they are for getting for carrying mail matter." He thought there would be just as much sense in charging the weight of the car against the government.

### In the House.

Without preliminary business the house Wednesday went into committee of whole and resumed consideration of the sundry civil bill. The house passed the sundry civil bill and immediately took up the general deficiency appropriation bill—the last of the great supply bills.

### Babcock's Bill Will Slumber.

Washington, Feb. 20.—The ways and means committee of the house held a lengthy session but did not take up the revenue reduction bill. The tariff reduction bill of Mr. Babcock (Wis.) taking off the duties on most of the articles in the iron and steel schedule was referred to the subcommittee on customs. It is hardly expected anything can be done on a measure of this far-reaching character at this late day of the session. The bill allowing government moneys to be kept in government depositories in Hawaii was favorably acted on. Mr. Sulzer's resolution calling for information on the imposition of rates on Russian sugar was not taken up.

### As to Andre.

Washington, Feb. 20.—The Belgian minister here, Count Lichtervelde, says the Andre, represented to be the Belgian consul and reported to have fled from Manilla to avoid arrest on a charge of assisting the Filipinos is not a Belgian, nor is he a full-fledged consul. He was a resident merchant of Manilla and acted as a sort of business agent for the Belgian government which does not feel that it should be charged with the responsibility for his political actions.

### Morgan Resolution Defeated.

Washington, Feb. 20.—The senate committee on foreign relations took adverse action on the resolution by Senator Morgan declaring the right of the United States to proceed with the construction of the Nicaraguan canal, regardless of the Clayton-Bulwer treaty. The reason given for the committee's action was that it would be discourteous to Great Britain to take this action, while the Hay-Pauncefote treaty is pending before the British government.

### Froze to Death.

Mansfield, O., Feb. 20.—Frank B. Smith, 35, of Perrysville, fell from a railway bridge and froze to death near this city.

### ANXIETY AT LONDON.

Smith-Dorrien's Column Either Lost, Strayed or Stolen.

London, Feb. 20.—Grave anxiety is felt for the fate of Smith-Dorrien's column which has not been heard of since Feb. 6 when it lost 24 killed and 6 wounded in a heavy engagement with Commandant Botha at Bothwell. The officer in command at Wonderfontein, the nearest post on the railway to the scene of the engagement, reports that he has no news of Smith-Dorrien, who has about 2,500 men.

Lord Kitchener has returned to Pretoria, leaving the chase after Dewet in the hands of Knox. Dewet has completely fooled Kitchener. He thought he had the Boer general surrounded near DeAar, Cape Colony, but found out he was mistaken and is wondering now where Dewet will be heard from next.

A raid upon Cape Town, while appearing impossible at this distance, is said to be actually feared.

### Officially Denied.

London, Feb. 20.—The war in South Africa again furnished the subject for many questions in the house of commons. The secretary of state for war, Mr. Broderick, gave an official denial of the story that orders had been issued that all Boers captured in khaki uniforms were to be shot. He said that neither Lord Roberts, General Kitchener nor any other responsible general had issued such an order.

### Kitchener's Baggage Seized.

London, Feb. 20.—A special dispatch from Pretoria says the Boers at Klip river Feb. 16 derailed a train containing General Kitchener's baggage. The train was preceded by another on which the commander-in-chief was a passenger. An armored train drove off the Boers, but the latter secured the contents of the train.

### Need Money for War.

London, Feb. 20.—Presiding at a meeting of a railroad company the Duke of Devonshire, president of the council, dropped a hint as to revenue increase when he said there was no doubt the chancellor of the exchequer would lend a sympathetic ear to arguments for an export duty on coal.

### Died of Plague.

Cape Town, Feb. 20.—Four sick Cape Town natives were stopped at Sir Lowry Pass, Cape Colony, and one of them died of the bubonic plague.

### Saved Her Boy—Daughters Perished.

Montgomery, Ala., Feb. 20.—Bessie and Alice Wilkes, 16 and 18, were cremated in a fire which destroyed the home of their mother at Prattville. The remains of one girl were found in the hall, the other had a spring mattress over her head which she evidently placed there in endeavoring to protect herself. The mother in saving the life of her blind son, forgot about her daughters.

### Oil Town in Flames.

Pittsburg, Feb. 20.—Stringtown, a prosperous oil town, 20 miles from Sistersville, W. Va., was threatened with destruction by fire. An over pressure of natural gas set fire to a spread to adjoining buildings. There is no fire department in the town. John Clendenning, who was sleeping in the drug store building perished.

### Faulkner to Hang.

Dallas, Tex., Feb. 20.—The jury's verdict was death by hanging in the case of Eugene Faulkner, who with four other men, burned Constable Pate Bain to death the night of Dec. 2, in the saloon of Chapman and Faulkner in this city. Two companions were given life sentences. Two others turned state's evidence.

### Will Hold Callahan.

Omaha, Feb. 20.—Chief of Police Donahue has investigated the Murtagh clew in connection with the Callahan arrest and announces that he is satisfied that neither Murtagh nor his sons have any guilty knowledge of the Cudahy kidnaping. Charges of kidnaping and robbery were formally filed against Callahan.

### Veteran of Two Wars.

Louisville, Feb. 20.—Colonel Samuel Smith Anderson, one of the most valiant soldiers of the Mexican and civil wars, and a widely known citizen of Louisville passed away at the Morton home. Death was due to general debility and the infirmities of advanced years.

### Eastern Pork Combine.

Trenton, N. J., Feb. 20.—John P. Squire & Co., capital stock \$7,500,000, was incorporated here to do a pork packing business in Boston and other eastern points, absorbing about a dozen concerns including the business of John P. Squire at Boston.

### Priest Passed Away.

Hamilton, O., Feb. 20.—The Rev. Father Thomas Walsh, 45, assistant to Archbishop Elder is dead.

## CARRIE CAGED IN JAIL

She Is Utilizing the Time Preparing Articles For Magazines.

### WILL NOT GIVE BOND TO KEEP PEACE.

Kansas Judge Rules That No Discrimination Can Be Made Against Saloons in Malicious Destruction of Property.

Topeka, Kan., Feb. 20.—Mrs. Carrie Nation and her two companions, Mrs. Crist and Miss Madeline Southard are still confined in the county jail. Mrs. Nation stolidly persists that she will not give \$2,000 bond to keep the peace and will remain in jail. The other women are undecided, but it is thought they will secure bonds in a day or two. The three women occupy the hospital ward at the jail. Comfortable beds have been provided, there are two tables for writing and Mrs. Nation has improvised a cupboard. There has been a constant stream of visitors to the cell and Mrs. Nation sent down word that she was not to be disturbed. Mrs. Nation receives a large number of letters and telegrams daily.

Mrs. Nation spends the greater part of her time writing. She has received orders for articles from two eastern magazines and has been spending most of her time preparing them.

Judge Hazen postponed the cases against Mrs. Nation and others for malicious destruction of property Sunday, until the next term of court which will be some time in April.

### Malicious Destruction Defined.

Wichita, Kan., Feb. 20.—Mrs. Nation's attorney here has presented a motion in the district court to quash the charge against his client on the ground that the building injured harbored a nuisance and that his client had a right to abate it. In denying the motion, Judge D. M. Dale ruled that it makes no difference whether the property destroyed is used for a saloon, a bank or a grocery store. Under this ruling the only point at issue is whether the accused broke the glass windows as alleged in the complaint. The complaint in one case is made by the owner of the building who was not the proprietor of the saloon destroyed.

### David True to Carrie.

Peoria, Ill., Feb. 20.—David Nation, husband of Carrie Nation, has written the editors of The Journal, which Mrs. Nation is to edit next Tuesday, stating that he probably will accompany his wife to Peoria, and that he is more fully in accord with this latest of his wife's ventures than with anything else she has done since coming so prominently before the public. He also emphatically denies the rumors that have been current to the effect that he is about to institute divorce proceedings against his wife.

### Smashers Accused of Murder.

Leavenworth, Kan., Feb. 20.—John Hudson, the bartender whose wife was killed in Tuesday's saloon raid at Milwood, swore out warrants for the four farmers under arrest here charging them with murder in the first degree. Hudson says he knows who fired the shot that killed his wife and he will make the name known at the proper time. William Webb, who was wounded in the raid, is reported to be in a serious condition and may die.

### Mayor Says He is Powerless.

Wichita, Kan., Feb. 20.—At a meeting of the W. C. T. U. a large committee was chosen to wait upon Mayor Finley Ross and ascertain what he intends to do about closing saloons. He told them he was powerless. They passed a resolution that the saloons must go, but before deciding on further action they concluded to await the result of a mass meeting called by the ministers for next Sunday.

### Taking a New Tack.

Wichita, Kan., Feb. 20.—At Garden Plain, 100 church members ordered saloons to be closed by Feb. 22 under penalty of the destruction of liquors, bars, fixtures and slot machines. IN to-day's issue of the BULLETIN is found the announcement of 'Squire M. D. Farrow for Justice of the Peace in the Eighth Magisterial district, subject to the action of the Democratic party. 'Squire Farrow has served his constituency in the capacity of a Justice for a long series of years and his fidelity to the trust reposed in him, his rugged honesty and close and scrupulous attention to the financial affairs of the county have inspired all who know him with love and respect, and his return to the Fiscal Court by the voters of his district is looked forward to with confidence and pleasure by his many friends.

SENATOR HANNA is thoroughly disgusted with the methods of doing business and of not doing business, especially the latter, which prevail in the Senate. Asked the other day if it were true that he was taking a hand in the Senatorial contests in Nebraska, Delaware, Montana and Oregon, he replied with characteristic evidence: "Why in the name of all the gods should I want to bother my head about getting more Republicans in the Senate? What good does it do? We already have a big majority of Republicans here, and yet we are unable to do anything which the minority objects to. When the Democrats say we shan't pass a certain bill our majority lays down and lets the minority run over it. Catch me going out of my way to secure the election of any more Republicans to this body!"

The above is a Washington special to the Chicago Times-Herald. The secret of Hanna's "disgust" may be found in the refusal of a number of the leading Republican Senators to "lay down" and help put his Ship Subsidy steal through.

### PRIMARY ELECTIONS.

Ballots Must Be Preserved—Copies of the New Laws To Be Distributed.

FRANKFORT, Ky., Feb. 18.—In response to many inquiries from the Secretaries of political parties in the different counties, Secretary of State Hill has addressed a circular letter to them advising that if the primaries for county offices and for members of the General Assembly are held under the primary election law the ballots must be preserved, as provided in the statutes enacted at the extra session of the Legislature. He also informs them that the paper for the ballots, which must meet the requirements of that law, must be furnished by the political party holding the primary, and not by the State.

Secretary Hill to-day sent to the Public Printer copy for a pamphlet which is to contain all election statutes now in force in Kentucky. It was compiled by direction of the General Assembly at the extrasession. Attorney General Breckinridge assisted Mr. Hill in the compilation. The legislative resolution provided for printing 50,000 copies of the pamphlet, and for its distribution through the members of that body and through the County Clerks of the State. The copies will be sent out in about two weeks.

## DISPLAY

We expect to hear the hum of sewing machines in every house after this because women can't resist making up pretty garments when they are tempted by such exquisite embroideries as we display this week.

Beautiful designs on cambric, Nainsook and fine Swiss muslin from 1 to 18 inches wide. The prices 5c. to \$3.75 a yard. All-overs, insertions, edges—many match patterns.

## White Goods a Plenty!

Prettier than you can imagine. More attractive than we can tell. India Linens, Nainsooks, Swisses, Linens, Jaconets, striped and barred, Long Cloth, French Mull, Paris Muslin, Organdy, Victoria Lawn and Batiste—with a price list that extends from 5c. to \$1. One very strong value is a 36-inch organdy of firm, even texture—yet sheer enough for daintiest uses—that is 15c. a yard instead of the usual 25c. Only 8 bolts of this so we cannot assure the supply except for the early demands. Counters and tables are given over to this attractive display of White Goods and Embroideries. It is worth seeing, even if buying is not an intention.

### THE CASE CASE.

A Writer Has Something to Say About the Suit Involving a Big Fortune at Cleveland.

A writer contributes the following: "The Case case seems to be assuming new proportions. Indeed, it takes something of a case to hold \$20,000,000, and this is what is now claimed there is in this case.

It's small wonder the Cases hang on to this case with such a grip, although one would suppose its weight would stagger them, not as to strength, but as to credence in the enormity of the case.

"While there are a good many Cases in the case, it's likely that a case similar to this case could not be found the world over.

"If the cases had the law on their side, like Mrs. Nation, of Kansas, they might dispose of this case more expeditiously by attacking it with hatchets than they will likely be able to do through the circumlocution of the courts.

"The Cases, though, seem to have a case, but whether they shall make anything out of it, or find anything in it, is a case for conjecture.

## THEIR MINDS DISEASED,

But They Do Some Artistic Work With Their Hands.

[Times-Star.]

Dr. Heflin, of Newport, for several years the physician in charge at the Lakeland (Ky) asylum, brought with him mementos in the way of drawings and carvings, the work of the inmates. One, a large drawing, shows the group of mammoth buildings, where the 1,400 patients are being cared for, and with the magnificent expanse of grounds, with the miniature falls and lake in the distance, and depicting in the most minute detail the institution. The artist was a Newport boy, who for fifteen years has been an inmate of that institution, and, Dr. Heflin says, his ailment—chronic mania—is incurable. The picture is encased in a frame carved by another inmate, whose only implement was a jack knife. This same genius made a center table for Dr. Heflin which is also a work of art. It is inlaid with 1,800 tiny blocks of wood, cut from maple, oak, beech, cottonwood, walnut, cedar, ash and other native trees, all dovetailed and fitted together in the form of miniature diamonds, checker board and other ornaments, all polished and finished in the natural color of the wood.

A gang of sharpers, working a time-honored and moth-eaten trick to separate the unwary from their surplus coin, is doing a land-office business in Toledo. The scheme is the old one of enlarging pictures for nothing and then refusing to give up the original photograph until an exorbitant price is paid for a very cheap frame.

Not only were there severe pains in my back, but also other evidences of a disturbed condition of the kidneys. Doan's Kidney Pills came to our knowledge and Mr. Burgoyne went to J. Jas. Wood & Son's drugstore, corner of West Second and Market streets, and got a box. The treatment was so effective that it has given me much pleasure to recommend this remedy to a number of my friends."

## THE PUBLIC SCHOOLS.

County Superintendent Blatterman Tells of His Recent Visit to Minerva "Male and Female College."

MINERVA SCHOOL DISTRICT NO. 3.

A pleasant drive of five miles over a good turn-pike road is the means of communication between Dover and Minerva. Minerva is rather quiet, but they maintain an excellent school, and that is what interests me most. They have a good brick building, containing three rooms, and in a large lot, but the location is not desirable because a steep incline intervenes between the house and the street and so the water all flows to the house in wet weather. But the trustees are faithful, and I always find the house in good order. This school has a charter, granted in 1858. My particular friend, Dr. Robertson, was one of the original incorporators. He was a man of note in that community in his day. I remember I was able to do him a kindness in Chicago in 1864. He had two "Rebel" nephews, captured Confederates, confined in Camp Douglas, Chicago. He sent me good sums of money, which I was enabled to hand to them and which I have no doubt was of much service in that sandy desert. The young men were from Missouri and were fine specimens of American manhood. It seemed a shame to keep such young men confined in that cold, bleak, sandy desert. Well, I digress.

The school is under charge of Mr. C. K. Dickey; Miss Cornelia Downing, first assistant; Miss Birdie Pollitt, second assistant. These are ladies admirably equipped for their work and have two rooms full of very interesting scholars. Mr. Dickey is a college graduate and is well equipped for his work. He is very ambitious for the school and has charge of the large scholars. He has classes in the classics, in higher mathematics, in the natural sciences. I should have remarked that this school is known by the name of "The Minerva Male and Female College." The charter provides for three months' school, but we have improved in this regard and the school is open during eight months each year.

Mr. Dickey's class showed great proficiency in chemistry and civil government, not that there is any connection whatever between these studies, but they were those upon which I examined them. They have quite a good laboratory and do excellent work making oxygen, hydrogen, carbonic acid gases and performing other experiments. I had a very interesting talk with the class and found them thoroughly proficient and well advanced. Mr. Dickey manifested a laudable degree of ambition for his scholars and they seem to reciprocate. The present trustees are: J. W. Runyon, W. E. King, J. M. White, Dr. Jno. A. Reed, Darius McGraw, Dr. A. E. Pollitt. Trustees of the Hyatt fund, Dr. A. E. Pollitt, Jos. M. Byar. These are good, honorable, faithful trustees and labor constantly for the best interests of the school. As the shades of evening began to close around me I found that it was time to release the class and to seek my homeward way.

**D. HECHINGER & CO.**

We were correct when we said a while since that we did not intend having dull January and February business. To be sure, there is no profit, in fact in many instances there are losses on our sales; but we have always had a great weakness to close out one season's stock before the next season comes in, hence

**OUR  
STOCK IS ALWAYS  
FRESH AND  
NEW!**

There still must be a good many people who have not availed themselves of securing "our kind" of Clothing at the cut prices we are now selling at. Why not come in and buy an Ulster or Overcoat at a price that will

of the money you will have to pay for it next winter? What an excellent opportunity now to buy a Stein-Bloch or Adler Suit, medium weight, one that you can wear nine months out of the twelve, and buy it for less money than you buy ordinary goods for. We will be benefitted in turning these goods into money,

YOU WILL BE

in buying them. Were we addicted to fake advertising, that so many Clothing men resort to, viz: the fellows who advertise \$10 Suits for \$3.98, we would embellish more. The truth needs no embellishment; you know we only advertise and sell "straight goods."

It accomplishes its wonderful results first, by purifying the blood and counteracting the existing poisons; second, by toning up the kidneys, liver and stomach, and thus enabling them to dispel all foreign and unnatural secretions. Don't delay. At this time of the year everything is conducive to these distressing and treacherous diseases. At the first symptom take this famous medicine. You will find it almost miraculous in its action and positive in its good results.

## 1,000,000 WOMEN RELIEVED

Reports received show that Wine of Cardui has brought permanent relief to 1,000,000 suffering women in the last few years. Because of Wine of Cardui, thousands of sufferers, seemingly on the way to premature graves, are now healthy women taking an active interest in the duties of life. Mrs. Mitchell was declining in health when Wine of Cardui "performed a miraculous cure" in her case. She suffered terribly with the agonies of falling of the womb, leucorrhoea and profuse menstruation. The weekly appearance of the menses for two months sapped her vitality until she was little better than a physical wreck. Her nervous system gave way under the terrible pain and aggravation. Then came the trial of Wine of Cardui and the cure. Mrs. Mitchell's experience ought to commend Wine of Cardui to suffering women in words of burning eloquence. The Wine is within the reach of all. Woman who try it are relieved. You can get as much benefit as Mrs. Mitchell received. Ask your druggist for Wine of Cardui. Send to the laboratory for the medicine if he tenders you a substitute.

## WINE OF CARDUI

South Gaston, N. C., May 29, 1899.  
Wine of Cardui and Theodor's Black-Draught have performed a miraculous cure in my case. I have been a great sufferer from falling of the womb and leucorrhoea, and my menses came every week for two months and became very painful. I was in a bad condition. My husband induced me to try Wine of Cardui and Black-Draught, and now I have no pain. The leucorrhoea has disappeared and now I am in perfect health. Mrs. WILLIE MITCHELL.
